ELECTRICAL PRODUCTS FOR LESS

There are no more walls.
No barriers. No limits.
You're an insider now.
With an edge.
The upper hand.
You now have a V.I.P pass
to a world where, once,
only distributors reigned.

GO STRAIGHT TO THE SOURCE

Direct Current – where
the manufacturer of
many of the industry's
most trusted electrical
low voltage and
lighting products sells
directly to you.

“We’re looking to save a buck wherever we can. We just never knew it’d be this easy. Direct Current makes buying electrical products a no-brainer.”

R. Guethoff, Owner, RJG Construction

Electrical, Low-Voltage, and Lighting Products

“I used to preassemble all my “wall rough” work in house. One call to Direct Current, and now I get them just the way I want them at 1/2 the cost!”

L. Zimmerman, Circuitry Electric

Labor Saving Pre-Fab Services and Custom Manufacturing

“Now I get to talk with the actual guys who do the manufacturing. I tell them what I’m looking for. They make it happen. I wish all business was like this.”

J. Peck, Hearth Systems Inc.

Dedicated Service Team Experts

Saving has never been simpler.

Manufacturing for more than a century, we are the pioneer of many of the industry’s most trusted electrical products

- Cable Support
- Steel Boxes and Covers

- Conduit Bodies

Don’t see what you want? We can make it.

No other manufacturer works directly with the buyer like we do. We specialize in metal stamping, wire forming, injection molding and die casting, and couple this expertise with labor-saving designs to address your specific challenges. You no longer have to settle for parts that are almost what you need. Let’s create your solution today!

You’re an insider now.

You’re now plugged in with people who not only advise and educate, but also manufacture a solution to your problem. And since we manufacture the products we sell, we’re always well-stocked, and we guarantee their quality for life. Plus, we’ll ship your order straight to your job site, right away.
